The Extended Airend Warranty program is effective for 5 years from date of start-up or 66 months from date of shipment from the factory. Any up front fee paid or kit purchased does not assure extended warranty coverage. The terms of coverage for the Extended Airend Warranty are listed below. **Failure to follow the terms will invalidate the Extended Airend Warranty.**

**AUTHORIZED START-UP REQUIRED:**

- A properly completed start-up report and this registration form must be submitted by an authorized Quincy distributor to the Quincy Compressor Bay Minette office within thirty (30) days of start-up. Start-up reports must be submitted on Q-Serv.

**GENUINE PARTS AND FLUIDS**

- The compressor must be maintained with QuinSyn-PG (8,000 hrs. max.) QuinSyn-XP (12,000 hrs. max.) QuinSyn-Plus (8,000 hrs. max.) QuinSyn-F fluid (4,000 hrs. max.) Maximum fluid change intervals are noted per fluid. Actual fluid change interval is to be determined by fluid sampling report, not to exceed maximum fluid change interval. Compressors using other fluids will not be eligible for this program.
- Fluid samples must be taken every 2,000 hours or as directed by the analysis report.
- Only genuine Quincy Compressor maintenance and replacement parts may be used on the compressor.
- Heavy-duty air filter option is required.
- Normal rules of warranty apply regardless of coverage length. Inlet valves and shaft seals are covered by the standard (1YR) warranty terms and are not included in the Extended Airend Warranty program. The Extended Airend Warranty is non-transferable.
- The customer and/or Quincy Distributor must keep copies of all maintenance records, parts purchases and sampling reports. The following records will be required for warranty airend replacement and/or warranty claim consideration and should be submitted to the Quincy Compressor Customer Service Department:
  - A completed Airend Failure Information form.
  - A copy of this Extended Airend Warranty Registration/ Agreement form.
  - Copies of all maintenance logs for the unit.
  - Proof of purchase of genuine Quincy parts and fluids.
  - Copies of all fluid analysis reports.

The following units are not eligible for the Extended Airend Warranty program:

- High Pressure Units (over 125 PSI full load), Vacuum Units, QSD (oil-free) Units and QSLP Units

Return Copy within thirty (30) days of start-up of compressor to:

**Quincy Compressor an EnPro Industries Company  
 701 North Dobson Avenue  
 Bay Minette, AL 36507  
 Attn: Customer Service Department**

By signing below I understand and agree to the terms in the above outlined Extended Airend Warranty program.
